## PREMIER SPRING SELECT BASKETBALL 2011

The Spring Basketball schedule has a new look. School activities in the spring create many weekday conflicts, and the emphasis on tournament ready teams for the spring, make it logical for the spring league games to be played on the weekends. **Each division will play their 8 games on 2 weekends with games being played on Friday, Saturday and Sunday afternoon.** This will give coaches and parents a specific schedule of games during a concise period of time. **Teams will play 4 games on one weekend, and 4 on the other.** Each division will play every other weekend to allow for practice time.

**\*\* Note your age division below and the TWO weekends you will play games. This is still an 8 game league, and awards will be given for league champion in each division.**
