Successful athletes rarely "just happen."

On the contrary, they are the result of a clear and definite approach to their athletic development, under the guidance of those skilled at bringing out the very best in the athletes they train.

Xtreme Speed is a sports performance program for the athlete that is **dedicated, highly motivated and wants to get better**. The program is designed to dramatically improve the overall athletic ability in each participant. Speed is the number one skill necessary for contending in every sport. Working on this skill at each level is important because speed will ultimately determine the highest level an athlete can compete in. Xtreme Speed can improve every athlete's speed, agility, jumping ability and strength through our cutting edge program design and proper sequence of drills. In our sports performance program, each athlete will train in a positive, highly structured environment that has over ten years of proven results among individual athletes as well as entire teams, from beginners to professional athletes. Because speed is a skill just like throwing, catching, kicking or hitting, the sooner an athlete can start learning the skill and mastering the proper movement patterns the sooner they will ensure their ability to move from youth sports to high school athletics and beyond.

Athlete Contract

I agree to commit myself to the Xtreme Speed training program. By signing this contract, I am dedicating myself to train with the mental focus and physical intensity that will allow me to improve. I understand that my commitment to the training will determine my results. I also pledge to try my best to attend each Xtreme Speed session as scheduled. I realize that my coach reserves the right to dismiss me from class if I am unwilling to train with the mental focus and physical intensity that will allow me to improve, or if I become disruptive during the training session.
